Subject:

Leroy Payne worked for a private investigator in California. He says in an affidavit that Lorenzo Hall and J. P. Hemming left a rifle (Johnson 30.06 automatic w/ 9 round clip) at their office in exchange for \$100.00. The rifle was later recovered by Hall who said he was on the way to Dallas. This occurred about a week before the assassination. I can't find any further record of the rifle. Payne talked to an FBI agent Jerry Crow about the rifle and the contact w/ Hall and JPH. I would like to ask David to see if we can find the agent for a phone interview. Payne indicated that he thought the FBI was in possession of the rifle.
