**Subject:** Ohio State University press briefing

Tracy received a voicemail message from Cheryl Smoot (Ohio State University)and forwarded it to me. It regards the following:About 4-5 times a year, Ohio State University holds press briefings to promote the school. This year the president of the university along with the VP of Communications will hold a briefing in Washington, DC that will include Kermit. They normally include 1or 2 school deans who do interesting work inside/outside the University.The purpose is to promote OSU, although they will tie in Kermit's affiliation with the ARRB. Ms. Smoot requested a brief, general description of what Kermit does here, and I faxed her a fact sheet, from which she will draft a paragraph for the VP of Communications. She will fax the paragraph here so we can check it for accuracy. I will show it to you when it arrives.The briefing is to take place on April 17 (second day of Board meeting), in the morning, probably in a hotel in Dupont Circle. The details have not yet been finalized.I'll keep you posted.
