**Subject:** Ballistics update

**Body:** Please give David and me, by tomorrow morning, your latest update on the ballistics evidence along with your specific recommendations about what yours and our next steps should be. Please have a finished draft of your ballistics chart completed by Friday, April 19 along with your tentative analysis of any issues that you can identify as being of importance in the ballistics evidence. Please make photocopies of all documents that: (a) reference the fiber in 567; (b) reference any metallurgical testing; (c) otherwise seem of particular import. You should give all of this information to David and prepare to send your memos to me by fax to Vienna.
