**Subject:** Specter/Warren Commission time-line memo  
Attached to the hardcopy of this E-mail is a draft. It got a little out of hand, length-wise, but at least the length explains my delay in getting it to you. After you've read it and returned from your journey, you can let me know how/whether you want the source material organized (I know you lawyers like those redwells...), or whether you want things expanded or contracted in the memo itself. There are some semi-editorial comments in there that you may wish to excise. Doug has been extremely helpful throughout and it would have taken even longer without him.
