Subject: The SPA Ph.D. Program...
It was a pleasure to meet both Assistant Dean Reed and yourself last week while obtaining documentation concerning the doctoral program in Public Policy. Per Ms. Reed's suggestion, I read the School of Public Policy catalog and am specifically interested in the area of Social Policy. Based on my research, I feel that my DEA background dealt with the very area of policy work (regulated controlled substances and methadone programs) which you completed for the agency. The 1996 Peterson's Guide, SPA Internet Homepage, other material and SPA graduates present Maryland's SPA as a strong institution for learning and applying public policy in theory as well as practice. I wish to arrange a meeting at your convenience to discuss the SPA, my educational/career goals, white-collar criminal justice background and my current JFK assassination work relating to policy issues. Please let me know the best manner in which to arrange this so that it will not interfere with your schedule. If possible, anytime in the evening is usually a good time for me (coming from downtown D.C.). Thank you again for your time and if there is any pertinent information which you feel I should be aware of, please contact me at 301-670-6171. I look forward to speaking with you in the near future. David
