Subject: audit
I learned yesterday in the Board briefing that there has been an answer from and a subsequent letter to OMB regarding our audit status. I am sure it was just an oversight, but I would appreciate being kept aware of this issue. The audit, if and when we do have one, will be organized and carried out by me and my assistant and therefore I get nervous thinking that I don't necessarily know what is going on until much later. Also, the 1 series of the file plan has a file on the audit. Laura gave me the earlier correspondence regarding this issue for the file, but could someone please give me a copy of the letter that was discussed yesterday and any other materials that I might not have? Thanks.
