Subject: Re: Rockefeller Commission and Medical Consultant Panel

Doug, I've had this note on my desk for several weeks and haven't gotten around to doing anything with it. Would you please discuss this with Joe and advise me as to what we should do to follow up?

I appreciate your identifying these documents. I am forwarding your message to Tim, who is now responsible for medical records.

Subject: Rockefeller Commission and Medical Consultant Panel
While looking through Rockefeller Commission stuff today, I came across two folders (about an inch to inch and a half) of material entitled "Medical Consultant Panel". I have to confess I wasn't aware the Commission had such an entity. On April 18, 1975 the Commission had five consultants at the Archives to view the autopsy photos, X-Rays, Zapruder film, etc -- the whole dog and pony show. Each consultant subsequently sent in his responses to a series of standardized questions. There is also a transcript (77 pages) of staff interviews with the panel on the day of the event. In Doug's absence, I asked Dennis if he knew about these records and he said no, so I thought I should pass it along. A document listing the panel members is attached to the hardcopy of this E-Mail in your box.
