Subject: letter to Vezeris

Body: I am sending to you a draft of a letter to Jane Vezeris notifying her that the Review Board designated certain items from the Rowley correspondence assassination records. You already commented on an earlier draft, and Phil has rewritten some of the instructive parts. If you are ready to sign this Monday morning, the federal register notice for this announcement will go out. If you do not sign this, I will tell Noelle to pull the USSS fed reg notice regarding assassination records. I put a copy in your box.(I hope this is the right letter.)
