Subject: While you were gone.....

I hope that you had a good trip. I am very interested in hearing about the Scelso interview. Anyway, I would like to update you on a few projects that you had assigned to me:1) There are three memos in your box relating to the CIA request #1 materials, Win Scott files, and request to CIA for information on the Duran statement.2) I tried to call Horton a few times and did not reach anyone. After re-reading his letter, I realized he probably would not be home because he told us that he would be out of the country for most of the month of April. I will try again next week.3) You had asked me a while ago to expand on the memo that Manuel and I had written about the Segregated Collection. As you will soon notice, the whole team has been working on this and we have given our notes to Mary. She has prepared a memo for you and David incorporating the team's findings, as well as her own observations. If you need anything further, please let me know.
