Subject: Report to the President
I have printed out all of the necessary documents and letters to notify the agencies except the report of which documents were acted on that is delivered to the President. First, are we sending him a copy of the Determination Summary for each agency or the old style report? Second, if we are using the old style report I can not get it to compose on screen. What am I doing wrong? (I copied it from archive into RT to use it.)Thanks
Body: for your help.
