Subject: Partial Interview Of Deceased Possible Autopsy Photographer's Wife Gloria Knudsen Re: Her Husband
CALL REPORT ISSUE # 45W110 initiated the call? REVIEW BOARD'S representative in the call. Dave
MontagueDescription of the Call Date: 05/07/96Subject: Partial Interview Of Deceased Possible Autopsy
Photographer's Wife Gloria Knudsen Re: Her HusbandSummary of the Call:Medical Project I called Gloria
Knudsen (while at FINCEN) yesterday who is the wife of the late Robert (Bob) L. Knudsen. Bob was a
presidential photographer for several Presidents and may have information relevant to the mandate of the
Review Board. Gloria said Bob died on 01/29/89 of a complication from an angioplasti. She said he was very
close to JFK & was devastated by his assassination. I explained the nature of the Review Board and Gloria then
asked for my contact information in order to call me today and verify my identity. After I provided the
information, I asked her to tell me about her husband's role during the time period of the assassination. She
said she has a lot to tell the Review Board about Bob's true role. She feels it would be better for her to come
to our office because of the nature of the material & will be happy to share it with the Review Board. She also
said that not only herself, but her children as well have had to listen to accounts about "that guy" who said he
was the only one that took photos during the autopsy; she said he is a "damn liar". I asked her if she was
referring to Mr. Skinner & she said she didn't remember the name off of the top of her head but it would
probably come to her later. I verified her information & confirmed that she'd call me to provide an interview
on 05/07/96 at 10 a.m. ***** Gloria called me this morning
(05/07/96) saying she spoke with her children yesterday evening & that two of them would like to accompany
her when she provides her in-depth interview, to cooberate her information and perhaps provide additional
information as well. She also has several records which she will be happy to bring for our review. I introduced
Gloria to analyst Doug Horne as a member of our discussion with more medical expertise & then asked her to
tell us of her recollection re: Bob's role. She said Bob was being treated for an eye injury about a week prior to
the assassination; this prevented him from going to Dallas with JFK. Bob & Gloria were eating lunch & listening
to the radio when they heard JFK was shot. Bob was devastated because he was very close to JFK through
their countless interactions. She said Bob received a phone call around 3 p.m. the same day from the Secret
Service telling him to meet the body at Andrews Air Force Base & travel with it to the Bethesda Naval Medical
Center. She would not discuss anything re: Bob possibly being present at the autopsy. She ended her story at
that point & said she needs to discuss the rest in person. She also wanted to know if we have a copy of Bob's
HSCA transcript which was promised to him but never sent by the HSCA. We will provide her with a copy after
she completes her interview & provides any records for review. We agreed to meet here in the ARRB
