Subject: John Horton

Body: I finally was able to contact John Horton. He said that he will send us copies of the letters that he wrote to the Agency re: Angleton's visit to Mexico City. Also, he will send us copies of two cables re: Angleton's visit to Mexico City, presumably from the CIA/JFK collection, that Jefferson Morley sent to him. On a side note, Mr. Horton was very personable and easy to talk to. He said that I could contact him again if I needed.
