**Subject:** DOD documents in HSCA SSA record  
There's a presently-withheld HSCA record which consists of a LOH/Marina file the Social Security Administration forwarded to the HSCA in 1978. Most of the 36 documents in the file are SSA-related, but there are four (4) DOD-related documents in the file, as well. Would it be possible for Doug to assist me in determining whether these four are already in the public domain (I'd be shocked if they weren't) so that we can avoid having to refer this file to DOD as well as to the SSA and IRS? Many thanks.
