Ann Parker called. I asked her who was initiating their request to have the documents returned. She said John Machado. She explained that she never gives her only copy of a document to anyone; she always gives them a copy. Since the assassination records from the May Board meeting will be reviewed in another part of the Secret Service, she did not want to have to make copies. I gave her our reasons for keeping the copies we have. I said she and John are welcome to come over to our SCIF to double check their copies after they have had a chance to see the NAR documents (which are still in Jane's office). I asked her if she needed to speak to you. She said she did not think so. She will talk with Machado. So as it stands now, she and John will look through the NAR documents, make copies of the rest, and call me to set up a time when she and John can come over to our SCIF.
