Subject: Linda Kozaryn

As you know, she is coming at 2:00 today. Tom is going to be there, at least initially, and I expect that you and I will be there for the whole thing. I am reviewing a set of talking points, that Tom has prepared for Jack's use in the past, for general statements, though Tom will probably handle most of those questions. When she begins asking specifically about the military project, that's when I think you and I will be answering. I'm assuming, of course, that you wish to be involved in this interview. If so, you and I should meet briefly before her arrival just to be clear on what we will say. If not, I am prepared to handle the military end of things myself. Please let me know. Thanks.
