Document #6-96, one of the 44 name trace documents, does not have a 15/3 postponement in the version I sent forward to you. Manuel forwarded it to me, but it never reached me, probably due to the length of the document (130 postponements). He added 15/3 at the end, and it showed up at the beginning of his postponement list on his screen. It's a file number redaction. See him for details.
