Subject: Steve Garfinkel

I have recently secured and more recently reviewed the Abzug Subcommittee hearing of 11/11/75, "National Archives -- Security Classification Problems Involving Warren Commission Files and Other Records." I'll be sending Jeremy a more detailed E-mail or memo later on the hearing as a whole as it relates to records. But, in the short term, I wanted to bring one item to your attention, FYI. In addition to the titled subject, this hearing (and related Committee documentation) also dealt extensively with the chain of custody of the autopsy materials. In light of Gus Russo's recent input, I note for the record that Steve Garfinkel, in his role as NARA's counsel within the GSA Office of General Counsel, testified at the hearing with Archivist Rhoades and Marion Johnson (though Garfinkel did not himself testify directly to autopsy issues).
