**Subject:** Vince Madonia Interview

Success!Vince Madonia called me this morning about 11:15, as requested by our faxes of 6/14 and 6/19,and said he had not called us earlier because he had been out of town.He agreed to be interviewed by phone at about 9 A.M. next Tuesday, June 25, California Time.This means we should call him at about 12 noon on Tuesday.Before arranging the interview, I wanted to be sure we had the right person, so I asked if he was the same Vince Madonia who was involved with the developing of President Kennedy's autopsy photography, and he said that he was the Division Officer at the Navy Photographic Lab at Anacostia that did the White House photography. I then rephrased the question, and asked if he was personally involved with autopsy photography, and he responded by saying "well, that was all pretty secret...some people that worked for me did," or words to that effect. At that point I was satisfied we had the right person, and stopped asking questions.I told Mr. Madonia that 3 or 4 of us would call him on a speaker phone.I recommend we invite Dave Montague to sit in, since he was also present at the Stringer and Knudsen interviews, and is involved in photography issues.
