CALL REPORT Issue # 70
Document's Author: Dave Montague/ARRB
Date Created: 07/05/96
Who initiated the call? Date: 07/05/96
Subject: Initial conversation with Alonzo Bouie of the Records Reconstruction Group at NPRC
Description of the Call 112th M/I Project I spoke with a Section Chief Bouie today & explained the nature of the intended trip. He called based on my attempt to reach Mrs. Martin of that group. He'll make any records he has available to us & wants clarification on which military units/dates we're interested in. He has a group visiting on 07/11/96, but can give us 07/12/96 as a date to review Morning Reports he'll have his staff pull. I explained the person on our staff most familiar with the Morning Reports is Tim Wray due to his military background (Wray is the name under which the records will be compiled for us) & that he'd be with our group when we visit. I'll leave a message for Tim & Chris re: all units & dates in question & then fax the information with a copy of the letter to NPRC Director Petree so that Bouie can have them ready for us.
