Subject: Response to Garby Leon
The Capehart matter is being carefully reviewed consistent with the JFK Act, as is all information we receive. At this time, I cannot give you a time frame on when decisions will be made relative to this matter. I am unaware of any instances when you have forwarded information to the Board and not received an acknowledgment. As stated above, the information received by the Board is being carefully reviewed. Many communications with serious researchers have resulted in a professional dialogue and led to additional assassination records.
