Subject: NARA-WC record 179-40005-10008
The document Bill Parker wanted is in the WC-referred boxes at NARA II. Despite the RIF's references to Oswald's 201 file, Martha says it is an FBI document which was reviewed by the Bureau in January of '95 and is presently open in full -- even though no existing electronic database reflects this status (nor has it been interfiled with the open WE boxes).If the researcher wants it, he can contact Steve's office. Probably we should direct him to Martha.Thanks to everyone else who helped with this yesterday.
