**Body:** Re: March '63 press conference at which two high-ranking U.S. officials were present. I'm sure I've read (in one of the Veciana documents in either the HSCA/Church/CIA Segregated Collections) a reference to the date of the NYT article regarding the news conference. Would we expect that the officials might be named in the article and should we therefore go find it at the LOC? Or would we not expect the officials to be referenced?
