Subject: Conversation with Pierre Finck
I just returned Dr. Finck's call, per your request. I told him that we agree to his proposal. He will line out the word "correct" on the deponent's signature page (since he does not have the audiotape to listen to), and furthermore will have a Swiss official "authenticate and witness" his signature, but cannot have the deponent page notarized because, he says, there are no notaries public in Switzerland. He thanked me for promptly returning his call.
