Subject: the August meeting
1) the Board did not reconsider 124-10250-10054 and 124-10256-10013. I am not sure why.I have told Carol this, and she said they would have to consider whether to appeal that identity or not. 2) the Board did deal with the Mark Lane document. They voted to release the first redaction. And to use the FBI's words in the first redaction as substitute language for the second redaction. Opening up the word 'depicts', protecting the rest, inserting the word 'that', and then using the Bureau's characterization of the event in the photograph in quotation marks for substitute language. I also told Carol about this decision, and she was not really satisfied with the results. We will have to figure out how to publish this decision. You should listen to this portion of the tape. It was late in the afternoon of the first day. Jerrie could help you find it. 3) Some members of the Board looked at and saw the boxed documents, none were marked for discussion, but they were not voted on the record in the meeting. We will have to save them for next time. They did vote to accept on the Green documents, and that will be the extent of our contribution to this FRN.David and Jeremy, if you can think of anything to add to this please do so.
