**Subject:** My bad

Chet,I know I was supposed to e-mail you about this on Friday, and I forgot. Sorry-- my bad.Could we alter the St. Louis database so that I can write up call or correspondence reports from it? Right now, I am using "Public Contacts" and that seems very disorganized and inconvenient. The only other option Dave and I see would be adding me to Gumshoe, and I don't want that-- much of the material in there is stuff that I don't need to see. All I want to be able to do is keep a more organized track of the people withi the military/St. Louis/respondents parameter and my contacts with them, and to be able to keep Dave, Tim, and Jeremy appraised of what is going on with them. Thank you very much. C
