Got your voice-mail (sorry I haven't answered sooner; to be honest, I don't always notice when I have voice-mail, and only discovered and listened to yours a few minutes ago). I don't think the HSCA OCR is particularly interesting or worth referencing. The Milteer (item 5 in my original E-mail) document, and the 15 Miami PD consent-release documents, are probably the most interesting in the batch. I would therefore recommend something along the lines of..."The Board opened six HSCA records in full, including a previously withheld record relating to Joseph Milteer. Also released were fifteen (15) HSCA records documenting dealings the Miami Police Department had with Jim Garrison's New Orleans investigation of the assassination in the late 1960's."
