Subject: Search for JFK Autopsy Records at AFIP
CALL REPORTDocument's Author: Douglas Horne/ARRB Date Created: 09/05/96 The Players Description of the Call Date: 09/05/96Subject: Search for JFK Autopsy Records at AFIPSummary of the Call:Ms. Anderson returned my call. She says the only JFK autopsy-related record held by her office is the trip report filed by Pierre Finck after his trip to New Orleans in 1969 to testify in the Shaw trial.I asked her if any other records (if there had been any) might have been transferred to Suitland or to the National Archives, and she was of the firm opinion that they would not have--that they would have been retained by her office, instead, because of the importance of the subject. She said she has received numerous FOIA requests over the years, and also an internal request from within the Army in 1993, and based on these searches in the past, is quite confident that her office at AFIP does not hold anything other than the Pierre Finck trip report for his 1969 New Orleans trip.
