**Subject:** pay increase

As a follow-up to Chet's question this morning, I am circulating an e-mail message that you all received last January. As you can see, you all got a cost-of-living increase as of the beginning of the year. This increase is not to be confused with the increases that were announced at the beginning of the summer. Although we are not obliged to follow the rest of the government on salary issues, we hope to be able to match any COLA that is put in effect next year.To: ALLcc: From: Tracy Shycoff/ARRBDate: 01/03/96 10:53:25 AMSubject: pay increaseBeginning with the next pay period (January 7), everyone will receive a 2.54% pay increase. This is the same increase as the rest of the federal government. The percentage includes a cost of living as well as a one-time locality adjustment. Any changes to your benefits (HBI or TSP) that you made this past open season will also begin with the pay period on the 7th.If you have any questions, please feel free to ask.
