Subject: Lifton and Donation of Zapruder Internegative
Lifton wants to donate to the Board a 35mm interpositive version of the Zapruder film at the LA hearing. He says he made it directly from a Mo Weitzman 8mm Zapruder film. I mention this because I do not want this to cause problems with whatever is going on with Silverberg and discussions over the original Zapruder film. Please advise me if we do not want Lifton to raise this matter at the public hearing because I will need to advise him. He says that his version is an incredibly clear version of the film.
