Subject: updating fbi rifs on the computer
I just talked to Chet and reminded him that we need to do this (in the course of identifying records to print out green evidence request forms for, I've been running into a significant number of rifs that our database shows as having postponements, but which appear to have been opened in full by the fbi; I need to know whether updating the database will convert these rifs to 512, or whether this discrepancy stems from something else). Would you please page Chet tomorrow (Thur) -- he is expecting to hear from you -- and consult with him and the folks at the FBI in order to get this updating process accomplished? If possible, I'd like to get the updated info. Friday, when Chet will be in our office all day. Thanks.
