Fed. Reg. notice for October 15-16 meeting to be sent on October 3. You will find the notice, cover letter, and the envelope under g:\board. Attached to this memo is the label for the disk. Please leave me a copy and I will take care of making copies for files, reading room, etc. when I get back. Attached is a list of applicants for the Press and Public Affairs Position with appointments for interviews, etc. Please add to this for me. David mentioned one that came today from Monette? I did n't see that and don't have it on the list. Attached is a memo with Moscow and Minsk travel info. Written notes aren't very clear on trying to track someone down at State Dept. to get info and forms to us re visas, medical requirements, etc. for the Russia trip. The only person I have been able to reach so far is David Hanzlik. He gave me that Admin Office number to call and they were no help at all. David said we could call him back but I have not been able to do so. I left message for Nerissa Cook but she didn't call me back. When I called that number (663-1225) they gave me for visa info I got only a recording that said to call the embassy or consulate of the country to which you are traveling. I didn't get a chance to do that. This State Dept. telephone directory is checked out of our library in Tracy's name.
