Subject: Unit Diaries Re: Lee Harvey Oswald
CALL REPORTDocument's Author: Douglas Horne/ARRB Date Created: 10/01/96 The Players Description of the Call Date: 10/01/96Subject: Unit Diaries Re: Lee Harvey OswaldSummary of the Call:I called Mr. Harrison (lead provided by Fred Graboske) and confirmed that his office does have USMC Unit Diaries on file, commencing in 1956. However, they are all on microfilm; he says that no one in the government would still have the paper copies of the monthly unit diary submissions. He did say that his office can photocopy onto paper the microfilm contents. He understands he will be receiving a request from ARRB requesting LHO unit diary information. He said that the National Archives in Suitland, MD would have the same microfilm he does, but not paper. He said that personal visits to his office by ARRB staff or anyone else who intends to examine microfilm are not feasible, since he only has one clerk working unit diaries for him, and one microfilm reader/printer, and no space for visitors. He also informed me that he is the person who provided the original, paper copies of Oswald's Enlisted Personnel File and Medical Record which were given to the ARRB by Fred Graboske, Archivist of the Marine Corps.
