Subject: Safe and SCIF access

In anticipation of trying to get all the NSA docs we received yesterday prepared for the meeting n Tuesday, I expect that I will be staying as late as possible for the rest of this week. I don't know who has control of the access to the safe and who can lock up the SCIF. Could someone please tell me: a) who is able to grant me access to these documents in the safe and SCIF, so I know who to check with to see if they are staying; and b) how late those people are planning to stay this evening (or better yet, tomorrow and Friday as well), so I know how much time I have to operate? Thank you very much for your consideration of this matter. Have a splendiferous day, and remember: the truth is out there.
