Subject: Liz Kelley
Liz called at 4:55 on Friday to inquire about the status of her application for the position of analyst. When I got back from vacation there was a note from Cathy that she had called on September 30 also. She interviewed with you on September 20. I told her I did not know where we are right now re that position and that we would call her by next Friday to let her know whether we are still interviewing, still plan to fill, etc. Her number is 202-387-3897. There is a handwritten note on her resume that says "202-319-3458 end of Sept." She lives on R Street so I am assuming these are home numbers.
