Subject: Vince Madonia Travel Arrangements

I called Vince Madonia today and had an amiable discussion with him regarding travel arrangements. Based on his present business schedule and our Board Meeting schedule, he and I worked out the following tentative schedule: Wed, Nov 20: After driving to Sacramento and parking his car long-term (he much prefers Sacramento to San Francisco, and also says the parking at Sacramento is much cheaper than San Francisco), we would fly him to National Airport and then put him in a hotel overnight (please arrange a mid-day departure from Sacramento airport--no sooner--since he has to drive to Sacramento from way up in the boondocks in northern California); Thurs, Nov 21: Mr. Madonia would meet with us O/A 9:30 for about 2-2.5 hours to discuss autopsy related photography issues. Thurs, Nov 21: Mr. Madonia will arrange his own transportation to Buffalo to visit his parents. Mon, Dec 1: Using a ticket purchased by ARRB, Mr. Madonia would fly from Buffalo to Sacramento (the return leg of his trip). Under this scenario, to recap, we would purchase, in advance, a round trip coach fare from Sacramento to National Airport (for November 20), with a return leg from Buffalo to Sacramento (for December 1); hopefully, the hotel we would arrange would be one we could pay for by voucher, which would avoid us asking Mr. Madonia to pay for his room and having to get reimbursed; and his mileage and long term parking fees (all of it) would be reimburseable. I told him I would call him on Thursday, October 24 and let him know if this scenario was approved. Please let me know whether this scenario is approved; if approved, Tracy, I will need to know whether you have succeeded in arranging the desired airline reservations before I call him back on Thursday...he will need to know his precise flight information on the two legs paid for by ARRB, so that he can arrange his own travel from National to Buffalo as soon as possible. He volunteered that he will be perfectly happy to come sit down with us and review some documents which might serve as an aid to his memory; he said he is much better at remembering things if he can review documents which would jog his memory. END
