CALL REPORT
Issue # 76
Document's Author: Dave Montague/ARRB
Date Created: 10/18/96
Who initiated the call? Review Board's representative in the call: Dave Montague
Labor Department Study Project
Subject: Confirmation on location re: Julius Draznin
Description of the Call I left a message yesterday w/ "Kathy" of Draznin's office (a law office), who answered the phone saying : "8666". She hesitated & said she didn't know if she'd be able to locate Draznin (at least in the near future), but wanted to know why I was trying to reach him. I reiterated that as a federal investigator, I am authorized to contact him in connection w/the purpose & authority of the Review Board as mandated by Congress. I then cited our Public Law (in case she wanted to look it up) & asked that he be given the message as soon as possible. I was called by a Draznin today & I explained the purpose of the Review Board to him. Draznin confirmed that he's once worked for the National Labor Relations Board (NLRB). Draznin was cordial & said he has some familiarity w/the Review Board because "some people" have contacted him asking questions. I asked him who'd contacted him & he did not mention any names; he did say that they were "former government people" & "newspaper folks". Draznin said they asked about several topics, some of which included: "Jack Ruby stuff", "Marcello" & other people. After additional general discussion, Draznin said I should know the following: -he was "just a government employee during that time" in Chicago -he was considered an expert on organized crime -he became linked to "this Kennedy thing" because of checks into organized crime -he did liaison w/ "the bureau" -he knew Walter Sheridan (who was his conduit) & he died recently -those were "different times" & you never knew who would be connected w/ what I asked if he had any records or any other info he wanted to share at the moment & he said he had no records re: "any of that stuff" (at the moment), but he will be more than happy to answer any additional questions we may have. I told him I'd send him a packet of explanatory material & that we'd contact him again w/ more questions. Draznin said that would be fine. I verified his information & thanked him for his time.
