Subject: determination summary
I think it is in a "final" form. I have one question about #124-10063-10172. This is a document that you presented to the board. On the second page of the document, the country in question is mentioned alone. Should the country be postponed? Will you check this out? I have put a sticker on the document and on the appropriate place on the determination summary. It and the documents are sitting on top of the boxes in the back of the scif.
