Subject: USSS Issues
I spoke with Steve about the agent addresses matter. I told him the RIF number for the HSCA-USSS correspondence that has been released by the Archives. He will look into the matter of how that was released.I also spoke with Steve about the protective surveys. He said John Machado was at the Archives on Friday looking through the surveys. Machado made several copies out of the collection. So his position seems to have changed. In his voice mail, he had indicated that the Service had already looked through the surveys and had no more postponements. Now it seems that the Service will present postponements on the March-November 1963 portion.
