Subject: Powers film/Mark Daly KARE-TV
Mark Daly interviewed Jack yesterday for his story that will run on November 21, 1996. Jack brought up the Powers film and Daly would like to include it in the story if at all possible. I told him the Board has identified the film as an assassination record, but other than that, I was not aware of any further developments. He needs some sort of answer soon (by COB Tuesday.) Any thoughts? thanks.
