Subject: Compliance letter for the Postal Service
I went through our paper file on the Postal Service and found about eleven pages worth of material. I also checked the phone contact data base and was left with the impression that the Postal Service has provided very little. I called Steve Tilley at NARA and he told me that the Postal Service has not sent anything to them even though they were supposed to send the mail information on the rifle. In addition, I called Betty Ball at the Postal Service and left a short message on her voice mail. I have inputted the information that I think should go into the compliance letter, but this is definitely a draft. Please get back to me so that I can make whatever necessary changes need to be made. Thank you, Joe
