Subject: Call from Mr. Hitchcock

Bruce Hitchcock called me this afternoon. He saw us on TV today and said to say hello. The actual purpose of his call was to inform me that they have begun getting their next series of Washington trips together, and he had some dates for me. He wanted to know if we could use some help or accomodate groups during: the first week of April, and the 11-13 of June. I told him that I would touch base with you re: where ARRB will be in its work at those times, whether we could use help in the close-up process, etc. I did not commit to anything and told him that I could not comment either way until you and I have spoken. He understands, and said that these groups are coming to DC in any case, so we should not feel as if they are banking on us. He thanked us again for the oportunity, said that his students still talk glowingly about us, and that it has been an extremely positive experience for them. Just thought you'd like to know.
