Subject: US Postal Service

Phil,I spoke with Velecia Chance at Suitland and she told me that five of the accession file numbers were sent to the National ARchives and one is missing. Now when I asked her about classified files she said there are no classified postal records. Regarding the form 135 for the file numbers, she connected me with the Accessions and Disposal office. I spoke with them and they said they are pretty sure they can them to me within a day.I also spoke with Steve Tilley at NARA. He called me and said that he spoke with Sheila Allen and that she is in contact with Aloha South at the Washington NARA office. He thinks those two will be able to solve this problem over the five file series accessions. Regarding classified Postal Records he thought that it would be strange for the Postal Service to have classified documents. He added that the State Historical Society of _____ has records from the Post master General from the period of the assassination, John Gronouski. Amongst his files is a one entitled "Assassination of JFK." He said that he will fax over a two-pager on Granouski's collection. He will give us the rest of the information regarding the collection later.
