Subject: Name day documents.
Barry thinks that it should be relatively easily to collect the redacted versions of these documents. If by some miracle he has them by COB today, would you be able to pick them up on the way into work tomorrow? I asked Jeremy the same question, and he is not sure if he could do it. Frankly, I doubt that Barry will have the documents so soon. But if he does, don't feel obligated to do this. I think that he might be able to stop here on his way home tomorrow.
