Subject: Additional Questions

FYITo: Michelle Combs/ARRBcc: Bob Skwirot/ARRB, Manuel Legaspi/ARRB From: Irene Marr/ARRB Date: 12/12/96 03:36:24 PMSubject: Additional QuestionsWas all assassination-related material centralized/controlled by a single department or did records end up being disseminated to any department within the agency that had an interest in the various aspects of the story? During the course of collecting the documents for your files did you ever find records that had been handled or held in possession of any office or person that would be outside of officially sanctioned channels. Did you ever learn of records that were believed to exist but were never made available? There are numerous documents in your files which detail technical operations in Mexico City at the time of Oswald's visit along with transcripts of his phone calls to the Cuban and Soviet Embassies. How thorough was your search for these records.? Were you satisfied that all efforts to locate technical records were exhausted? Do you believe you delved into any important areas that were not pursued or adequately covered by the HSCA?
