Subject: FBI records for review
I have put approx. 25 FBI records that are ready for postponement review on the reviewtrack in the tray on the left corner of my desk in the SCIF (the tray marked "FBI Team"). Please grab a handful and enter the appropriate recommendations on the reviewtrack. If a record does not have the FBI's evidence attached to it, there should be a handwritten note on the cover sheet indicating how the FBI proposes to release the record (for example, "Num Sym Only" would mean that the FBI agrees to release all information except for the numerical (middle) part of informant symbol numbers).Please refer to my memos on FBI postponements regarding what recommendations you should enter. If you have any questions, don't hesitate to raise them with me.
