Subject: Vezeris (Secret Service) letter of Jan 3.
The Secret Service has the habit of not clearly marking their privileged documents. Attachment 3 to the Vezeris letter contains non public information. Accordingly, all copies of the attachment (except the original sent by the SS) should be collected and put in the burn box. Although the information on attachment 3 is innocuous, we should not let extra copies circulate until a decision has been reached on whether it is an assassination record and should be reviewed for postponements.Cathy, could you please collect all of the copies that were distributed?
