Subject: Weekly Update
Annual Report -- Much of the week was used to consolidate and organize the ARRB FY 1996 Annual Report. Additional sections were added and a table of contents was created to facilitate reading the report. I also talked with Tom regarding several sections of the report and to get additional information. News Footage -- During the week I talked with John Ennis, Don Elder and Ike Pappas, all veterans TV reporters, regarding uncut network news film from the assassination. I sought guidance on the methodology in approaching the networks, acknowledge promises of assistance, and obtained technical information on what might be available, what generation duplication we could expect and who to approach. In general, I was told that the original, raw footage of film shot in Nov. 1963 and thereafter was probably stored uncut in network libraries. We probably will not be able to obtain the originals, but could get copies. We may be charged the cost of making those copies. I also was told that we should approach the networks directly or through their Washington bureau chiefs.
