LaFontaine/Milam/McCombsIn response to your request earlier this week, I ran a database check of files in the CIA sequestered collection on the individuals that were named in the McCombs files, which are currently at the library at the University of Tennessee, Martin. I only found files related to Sergio Arcacha Smith and Sylvia Odio; I did not receive a "hit" on any of the other individuals.I also went over the LaFontaine book in order to find summary information on these individuals. A quick write-up follows (please pardon the sloppy grammar and structure):
