Subject: Copying Projects
Cathy --With regard to the FBI appeals that Phil identified for copying for FOIA/binder creating purposes -- where are we in the copying process?If at all possible, could you expedite the copying of that material and give Phil one complete set (the "FOIA copy") so that we can process the records for FOIA purposes?Also -- on the Metropolitan Crime Commission copying (those big boxes that you all were working on), where are we in that copying process? Next week, I am going to send what we have copied back to the MCC in New Orleans.We can just talk about the MCC records in person on Tuesday, but I wanted to go ahead & send you the e-mail so that I would remember to check with you. Thanks.
