Subject: Outbound e-mail stuff...
Christina:All you need to do is write the person's e-mail address + "@ INTERNET @ WORLDCOM"...Here's an example: drmontague@hotmail.com@ INTERNET @ WORLDCOMBe sure to check "non-record" in the record status box so you won't create an assassination record & don't save it either...You might want to let people know that they shouldn't send you any stuff they would not want anyone else in the world to potentially see...Enjoy!!!Dave :-)
